EXHUME BODY IN ATTEMPT TO FIND KILLER

HOUSEKEEPER IS AT LIBERTY AFTER CHARGED WITH DEATHS

MADISON, Ind., Aug. 10.—The body of Mrs. Minnie McConnell was exhumed today and vital organs were sent to the state toxicologist at Indianapolis as State Police pressed their investigation into the deaths of five persons who spent their last days in the care of Mrs. Lottie "Tot" Lockman, 62 years old.

The gray-haired Mrs. Lockman is at liberty under \$2,500 bond on a charge of attempted murder by poison in connection with the illness of Mrs. Mamie McConnell, daughter-in-law of the woman whose body was exhumed. Mrs. McConnell's husband, Forrest, is a hardware merchant in Dupont, Ind., 15 miles northwest of here.

Coroner Sidney E. Haigh said none of the bodies of the other persons whose deaths were being investigated would be unearthed this week.

McConnell, returning home today after a business trip to Detroit, gave authorities permission to exhume the body of his mother, who died a year ago at the age of 75. Official records attributed her death to cerebral hemorrhage, high blood pressure and senility.

State Police Detective Graham Tevis said the death of Mrs. McConnell was one of five fatalities authorities plan to investigate.

In each instance, he said, it has been established that Mrs. Lockman had been employed in the households as a housekeeper and handywoman.

The other deaths to be investigated, Tevis said, were those of Frank Lockman, husband of Mrs. Lockman; Wallace Lockman, a brother-in-law; "Uncle Fred" Giddings, a wealthy retired farmer, and Mrs. Hattie Calhoun.

Tevis said the deaths covered a span of about 12 years and that in each case he was told the deceased "just seemed to sleep away."

He added, however, he had been informed that all had symptoms similar to the illness of Mrs. Forrest McConnell, now reported recovering in a Madison hospital from mercury poisoning.

This diagnosis of her illness was made after Dr. R. N. Harger, toxicologist at Indiana University Medical Center in Indianapolis, reported that analysis of

FARM EROSION IN PUTNAM COUNTY AS SEEN FROM AN AIRPLANE.

This picture shows what flying farmers will see when they visit Putnam County next Wednesday as guests of the Central National Bank for their annual Profit from Pasture meeting. It was taken east of the city airport and shows soil erosion on a typical Putnam County farm. Upward of 100 farmers have sent in reservations for a flying trip over their farm next Wednesday and they will be able to see the erosion as it really is, as the smallest washes and ditches are visible from the air. Not all farms are as marked as this one, but there is erosion on all of them and the time to stop it is early.

ADMISSION OF ALBANIA CAUSES UN CONTROVERSY

PARIS, Aug. 10. —(INS)—The Soviet Union and her Satellite powers went down the line today to demand a consultative place at the peace conference for Premier Enver Hoxha's Communist government of Albania.

They opposed the suggestion by Secretary of State Byrnes to refer the Albanian question to the general commission. However, the British supported Byrnes.

In the course of the debate, Yugoslavia charged that Greece—a fellow victor nation—was attempting to foment war in the Balkans. Greece had objected to inviting Albania.

A Czechoslovak delegate submitted the resolution providing for an invitation to Albania to sit in with the plenary session and to serve on the committee drafting the peace treaty for Italy.

TWO PLANES CRASH

LAKEHURST, N. J., Aug. 10. —(INS)—Two separate plane crashes in the New Jersey Pinelands left a toll today of five dead and three injured.

Three persons were killed as an Atlantic Central Airlines plane hit a small creek in trying to glide to an emergency landing at the Naval Air Station at Lakehurst.

In the second crash, only 20 miles away, at Forked River, a private plane crashed and brought death to Donald Kimball of Wilmette, Ill., and his sister, Mrs. Helen Winans, of Forked River.

To Determine May's Condition

WASHINGTON, Aug. 10. —(UP)—The Senate War Investigating Committee agreed today to let Dr. George P. Archer, Prestonsburg, Ky., physician, determine when Rep. Andrew J. May, D., Ky., can be called for questioning about his connections with the Garsson munitions combine.

Committee Counsel George Meader told reporters the committee "won't trouble" the 71-year-old House Military Affairs Committee chairman "as long as he is recuperating."

PLANS COMPLETED FOR HOMECOMING

Final plans have been completed for the Reelsville Homecoming which is to be held August 15th, 16th, and 17th.

The program is as follows: Thursday night, Jackson township band, Carl Kumpf, director; Tug of War; Horse-pulling contest.

Friday night, Tommy Decker's Orchestra, Comedy acts, and auction sale.

Saturday night, Reelsville school orchestra, Mrs. Frank Jarrell, director; Barbershopbers, Fred Gregory, director.

Accordion soloist, Carol Connelly; Vocal soloists, Nila May Stearley, Joe Raab.

EIGHT KILLED WHEN PLANES HIT BARN

GREAT FALLS, MONT., Aug. 10.—(UP)—Police said today at least eight persons were killed and 10 hurt when two army bombers collided over the state fair grounds yesterday and one of them crashed in flames into a crowded stable.

Sheriff's deputies and volunteer workers searched the smoking ruins of the stable for additional victims.

Officials of the annual North Montana State Fair said 20 valuable thoroughbreds perished in the blaze.

Two low-flying A-26 attack bombers collided before 50,000 horrified state fair spectators during an exhibition by army pilots from Great Falls Army Air Base.

One of the crippled planes plummeted directly into the crowded stable, exploding inside the structure. The other plane ploughed into the earth more than five miles away.

The flames were so intense, would-be rescuers stood helplessly, while the stable became a blazing oven filled with shrieking human and animal victims.

Police Chief Harold Mady of Great Falls said it was still impossible to determine the exact number of dead. Mady said the bodies of four fliers had been recovered from the two planes and the remains, in whole or in part, of four civilians had been taken from the ashes of the building.

Mady said the only positively identified civilian victim was Miss Dorothy Szabo, 19, of Belt, Mont. Another victim was tentatively identified as Kenneth Pulver, 19, Helena, Mont., jockey.

"It's a ghastly sight," Mady said, "most of the bodies are being found in burned pieces and we're having a hard time to find out who they were."

Mady said there was no way of knowing the exact number of persons in the barn at the time of the crash, but estimates ranged from 10 to 24.

Air base authorities confirmed the number of fliers killed, but said their identities would not be revealed until their families were notified.

The stable was only 750 feet from the grandstand where a crowd of 50,000 gathered to watch the air exhibition and the racing program to follow.

Witnesses said the planes were flying in tight formation within 200 feet of the ground when one of them suddenly zoomed upward slashing the tail assembly of the other. The tailless plane screamed earthward, exploding as it battered through the side of the stable.

The second plane wobbled crazily across the sky and fell out of sight leaving a trail of smoke. The wreckage, containing the bodies of two crewmen, was found by a searching party half an hour later.

The stable was drenched with gasoline from the exploding plane and burned to the ground in a matter of minutes. Nearby parked automobiles caught fire from the intense heat and were reduced to junk.

Richard Allmaras, New Rockford, N. D., a jockey, narrowly escaped when the sheared-off tail section of the plane struck the earth beside him.

Herbert Taylor, Payette, Ida., a handler, said he was leading a horse up to the stable when the crash occurred.

Enjoyable Gathering

Held July 28th

On Sunday, July 28, quite a number of relatives of Mr. and Mrs. M. E. Davis gathered at their home in Bainbridge and had a very enjoyable day. Mr. and Mrs. Earl Davis and children, Sharon and Richard, who live in his father's house are leaving for their new home this last of this month, so the gathering was also in their honor. Rev. Earl Davis has accepted a two year pastorate for the Milton, Ind., Christian church and his work starts the first of September.

All came with well filled baskets and a most bountiful dinner was served at the noon hour. Mrs. Daisy Davis gave thanks for God's many blessings and the great abundance of food, after which all enjoyed the fine cats. Coffee, iced tea and a beverage of orange and lemon juice was served by the hostess which added much to the enjoyment of the feast.

The older people all had a fine time meeting and greeting each other and reminiscing. The young people enjoyed playing croquet and the children enjoyed a swing near the house.

A splendid social time was enjoyed by all. All wish Earl success in his future work.

Those present were Mr. and Mrs. Alva Pruitt, Mr. and Mrs. Wilbur Pruitt, Estol Pruitt, Mrs. Cecil Pruitt, Mrs. Daisy O. Davis, Mr. and Mrs. Glen Davis and daughter, Judy, Mr. and Mrs. Carl Ferrand, Mr. and Mrs. Roy Ferrand, Mr. and Mrs. Marion Ferrand and daughter, Kay and Shirley, and three sons, Kenneth, Keith and Carl, Mr. and Mrs. William Leslie Ferrand and daughter, Mrs. Martha Ellen Jones and her daughter, Barbara, Mr. and Mrs. Raymond Flint, Burl Flint, Mr. and Mrs. Russell Day and son, Larry, and daughter, Marilyn, Mr. and Mrs. Clayton Cox and son, Russell, and daughters, Doris, Barbara and Bernice, Mr. and Mrs. Harold Davis and Mr. and Mrs. Howard Davis. There were 48 present including the hosts and families.

The time of departure came and it is hoped there will be many more such gatherings. Many pictures were taken during the afternoon.

COME TO CHURCH SUNDAY

NEWS IN THE WORLD OF RELIGION

through relief, medical care and education have had a profound impression on the non-Christians.

Dr. Sven H. Liljestrand, former Syracuse (N. Y.) teacher, now a medical missionary and senior member of the medical staff of West China Union University, Chengtu, China, is on route to Chengtu, after furlough in the United States, taking with him the first modern X-ray machine ever known to "free" western China. The two-ton machine is packed in nineteen boxes; when it reaches Shanghai it will be entrusted to several boats and taken up the Yangtze River; where the River becomes shallow it will be transported by man-power some 2,000 miles inland. Dr. Liljestrand, medical missionary of the Methodist Church since 1919, has been professor of obstetrics and gynecology at the University, and has lectured on therapeutics. He opened the first cancer clinic at Chengtu and brought the first radium into the west; he is known for his translation of a volume on physiological chemistry into Chinese; and now he hopes to give still greater help to Chinese victims of cancer. "Cancer is more of a problem in China than is leprosy," he says.

PRISONER OF WAR CLAIMS

The following information relating to claims in the interest of former prisoners of war has been received by the Putnam County Chapter of the American Red Cross.

Several unofficial civilian groups have been circulating former prisoners of war of the relatives of deceased prisoners. They are soliciting representation on a contingent fee basis of claims against German and Japanese Governments for damages for personal injuries or death due to mismanagement, money due for labor performed or property seized while the claimants were prisoners of war.

The following information is issued by the War and Navy in connection with such claims.

No statutory authority exists at the present time which permits settlement of such affairs. The general fund of reparations out of which payment would come has as yet not been determined. The Department of State will make public such information as may be available from time to time.

In the meantime, it is recommended that persons desiring to file claims against enemy governments for damages should forward affidavits, accompanied by any corroborative evidence available, to the appropriate office. These addresses may be obtained from the local Red Cross Chapter.

BREAKS INTO HOUSE

Mr. and Mrs. James Sallust, who live west of Stilesville returned to their home Saturday morning about 9:30 o'clock and found that someone had entered it. Upon investigation they discovered a colored man hiding in the house. They attempted to hold him but he broke loose and was later captured three miles west of Clayton by a farmer.

Mr. and Mrs. Sallust had been out working in the field moving things with a tractor.

Now More Than Ever A "SERVICE INSTITUTION"

"Upon our reopening August 12, you will find Greencastle Motors Inc., completely reconverted to the peacetime job of servicing every phase of repair service to your car and truck. Come in and pay us a visit.... see all of this new precision and labor-saving equipment to do the necessary work more efficiently, quickly and economically. You too will share in our pride. Nowhere can finer equipment or service be found in the state of Indiana.

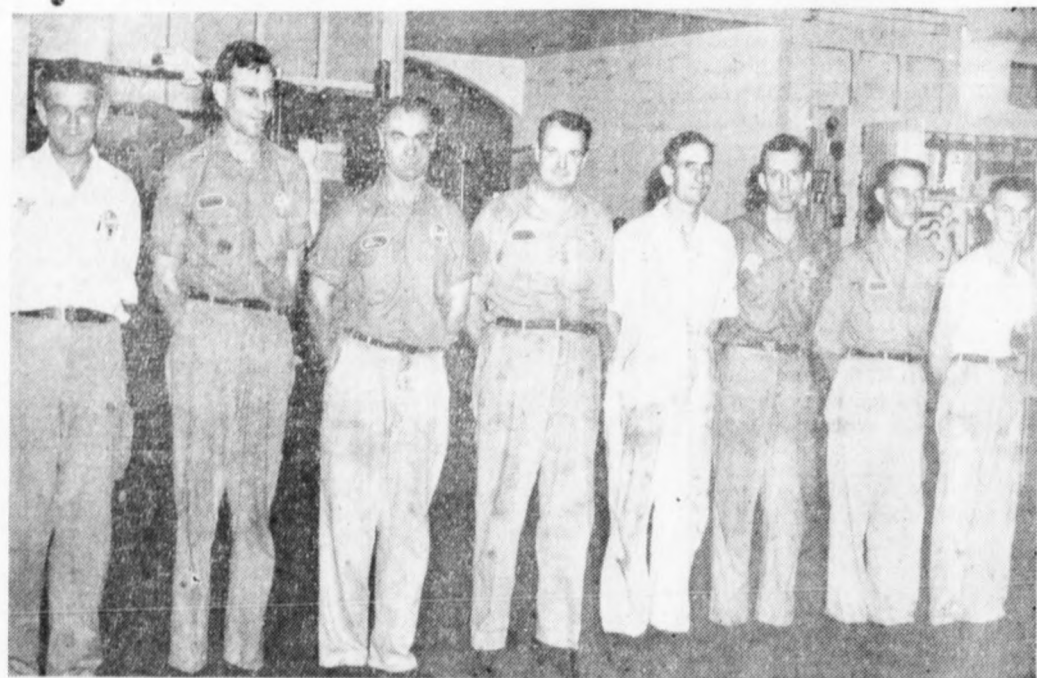

Otto H. Embury

PRESIDENT
GREENCASTLE MOTORS, INC.

ANNOUNCING OUR NEW BEAR WHEEL ALIGNER FOR TIRE AND CAR SERVICE. Our skilled Bear operators will quickly and efficiently give your car a complete wheel alignment and balance inspection. Such an inspection will uncover conditions which might lead to the ruination of your precious tires or costly repairs later on. We are completely equipped to make all necessary corrections. We Save Your Tires, Save Your Money . . . Perhaps Save Your Life!

A Complete Staff of Highly Trained Mechanics

LEFT TO RIGHT—Charles M. Hudson, service manager; C. T. Baumunk, Glenn Hanlon, William Priest, Harry Tresner, Harold Davis, Russell Cagle and Mike Walsh

OVER ONE HUNDRED YEARS OF EXPERIENCE by men who enjoy their work and have what we call the "know how." Greencastle Motors Inc. men actually know tools and enjoy making them talk the language our hundreds of satisfied customers like. That is why you hear so many people say: "Take it to Greencastle Motors Inc."

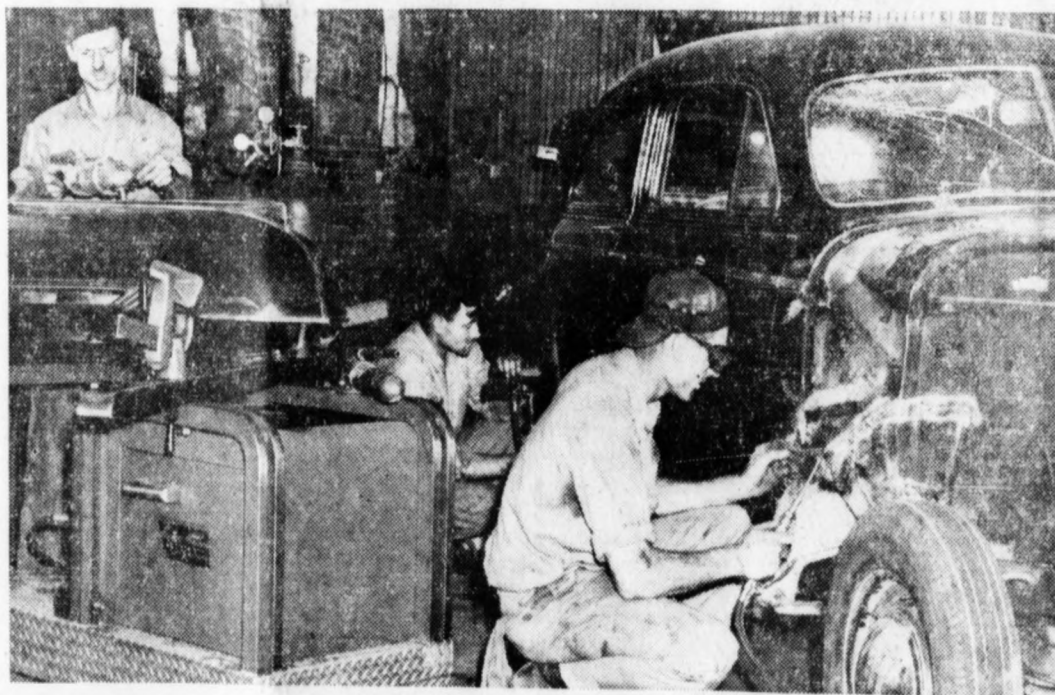

OUR NEW LUBRICATION DEPARTMENT, equipped with the new modern Weaver Twin-Post Lift, provides the nationally advertised Alemite greases and oils. Russell Cagle, pictured here, puts a score of years experience into every Alemite job. Carefulness and cleanliness enters into every job by the clean tile floor and no lift side rails to obstruct. Alemite guarantees any new car we sell for 30,000 miles or two years against failure of any lubricated part of its motor, chassis and gears due to faulty lubrication.

MIKE WALSH, pictured here, is a Bear factory-trained expert. You don't have to stand shimmy, hard steering and other conditions that cause excessive tire wear... make driving expensive and dangerous. End these car faults now. Let us do a complete Bear-Dynamic Wheel Balancing job on our new Bear electric Neon-eye machine. It's a low cost operation that will save you money and increase tire mileage 20 to 30%.

OUR PARTS AND ACCESSORIES DEPARTMENT has become completely modernized by our new display tables. A stock of \$30,000 worth of Chevrolet, Buick and B. F. Goodrich Co. accessories and parts is carried to service your needs in our Service Department and other garages under the direction of Willard Dreher, right, as general parts manager, and his assistant, William Alsbaugh Jr.

AS MODERN AS ATOMIC POWER! Many Modern Tools have been added to our BODY AND PAINT DEPARTMENT. Pictured here are Hubert Goff (left), Henry O'Neal (center) and Zane Gentry (right), manager. Porter-Ferguson Hydro Method tools combine with the experienced workmen to save you time and money in needed Body and Fender Repair. The only completely modern shop of its kind in the county. See these tools in operation . . . get our estimate for body and paint work.

Charles Rogers (right) and Gerald Sherrate demonstrate our "porcelanized" car polish, wash and repair department.

Come in and see the most modern Car and Truck Service in this section of Indiana!
